## **Spectator Code of Conduct in the context of COVID – Armadale Stadium 2021**

---

In order to stage events with spectators at Armadale Stadium in the context of COVID it has been necessary to put in place various measures and protocols in line with current Scottish Government guidance. These are designed to protect the safety of all in attendance.

The decision to attend Armadale Stadium lies solely with the individual attending. You **MUST NOT** attend if you have COVID-19 symptoms or if you have been in close contact with anyone in the preceding 10 days that you are aware has developed symptoms and you or they have not received a negative result for a PCR test and have proof of this.

The COVID-19 symptoms include:

- A high temperature
  - A new, continuous cough
  - A loss or change to your sense of smell or taste
  - See further details on symptoms here: <https://www.nhsinform.scot/self-help-guides/self-help-guide-coronavirus-covid-19>
- 

Inside the stadium there will be three designated viewing areas. You must select a viewing area for the duration of the evening and you will not be able to transfer between these. The areas are:

- Home Straight Main Stand
- 3/4 Bend Covered Viewing
- 3/4 Bend Uncovered Viewing

In the event of inclement weather it will not be possible to move from an uncovered area to a covered area, as such you should plan ahead for this and be prepared.

It will assist the admission process if you know which area you would like to view from prior to entering the stadium. Upon entry you will be given a wristband permitting access to your chosen viewing area. Viewing areas will be allocated on a first come, first served basis. Once a viewing area is full it will not be possible to allocate any more spectators to this area.

---
